EXPERIENCE

Section Leader, *Willamette University*, Salem, OR September 2022 - present

- Teach a small weekly session of Intro to Programming for around 10 students to review problems, homework and projects
- Hold regular office hours each week for individual student support
- Grade student projects

Statistics Tutor, *Willamette University*, Salem, OR January 2022-May 2022

- Held regular drop-in tutoring hours for students in introductory data science and statistics classes
- Helped students with understanding R code and statistical concepts.

Volunteer, *National Science Bowl*, Boise, ID January 2018 - March 2022

- Volunteered at National Science Bowl regional competitions in Boise, volunteering at at least one competition per year since 2018.
- Read questions, kept scores, and ensured that competitors and viewers adhered to the rules.

Co-Captain, *Timberline High School Science Bowl*, Boise, ID August 2020-May 2021

- Coordinated with other high school science bowl teams across the country to organize competitions on short notice
- Worked with my co-captain to organize and lead practices
- Competed in a regional competition, in which the two teams from my school placed in 1st and 4th.

SKILLS

- Programming/Markup Languages: Python, R, C, HTML
- G Suite tools (Google Docs, Sheets, Slides, etc.)
